

# UCP PRESCHOOL

## Partners in Education

United Cerebral Palsy of Mobile's Preschool invites you to join our "Partner in Education" community sponsorship program. By sponsoring, you'll be helping UCP Preschool offset the costs of providing enrichment to its students, including off-site field trips, class and student photos, as well as annual events like our Breakfast with Santa and Graduation.

In partnership with Mobile County Public School System (MCPSS) and Satsuma City Schools, UCP Preschool provides exceptional services to 30 children, with and without disabilities, each school year. Our three preschool classrooms offer a unique opportunity for children with different levels of ability and development to grow, learn, and play together.

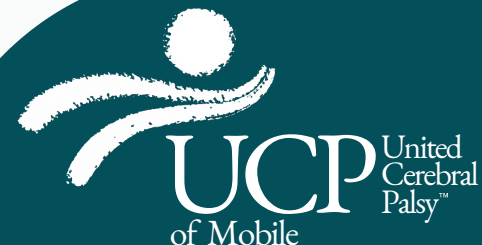

Our new "Partner in Education" sponsorship package runs through the entire 2023-2024 school year. If you're not able to join our program today, we'd also appreciate your consideration of donating a gift card or in-kind product or service.

### UCP Preschool Partner in Education: \$500+

- Acknowledgement with company logo/website link on the following:
  - Preschool webpage
